SAINT-GOBAIN

This Page: Carriage House in Brownstone with red rosettes.

Front Cover: This elaborate Victorian-style home features both Grand Manor and Carriage House, in Brownstone. Notice how the courses are intermingled on the steeply pitched sections of the roof.

# Make a Design Statement

This roof shows how Grand Manor and Carriage House in the same color (Stonegate Gray) can be combined for a subtle, yet pleasing, effect. Note how well Grand Manor works on this steeply pitched roof.

Carriage House, with its unique scalloped-edge look, is particularly suited to the creation of geometric designs. In this example, a combination of three colors was used to fashion different patterns.

Do you live in an older home? Tell the world when it was built, as shown here using Carriage House in Georgian Brick, on a background of Grand Manor and Carriage House in Stonegate Gray.

## CREATE A UNIQUE ROOF DESIGN WITH GRAND MANOR... OR CARRIAGE HOUSE... OR BOTH!

Geometric patterns... florette designs... even the year your home was built! When you choose CertainTeed Grand Manor shingles, Carriage House shingles — or both — for your roof, you open the door to a world of design options. Here are examples of just a few of the almost limitless possibilities. Your contractor can help turn your ideas into beautiful, eye-catching reality.

# With Your Roof

## GRAND MANOR™

Substantial, impressive, reminiscent of hand-crafted slate. The perfect complement to homes with steeply pitched roofs.

- Two full-size, one-piece base shingles
- Random tabs and shadow lines for depth and dimension
- Colors: Black Pearl, Brownstone, Colonial Slate, Gatehouse Slate, Georgian Brick, Sherwood Forest, Stonegate Gray, Terra Cotta, Tudor Brown, Weathered Wood
- Virtually five layers of protection when applied

## CARRIAGE HOUSE™

The look of old-fashioned craftsmanship in an innovative, high-performance shingle. A bold design statement for traditional, contemporary and Victorian homes.

- Two full-size, one-piece base shingles
- Chamfered edge treatment, deep 8" tabs and distinctive shadow lines recreate the look of scalloped-edge slate
- Colors: Black Pearl, Brownstone, Colonial Slate, Gatehouse Slate, Georgian Brick, Sherwood Forest, Stonegate Gray, Victorian Blue
- Four layers of protection when applied

12 courses of Carriage House were incorporated into this Grand Manor roof. The same color (Stonegate Gray) was used for both, with small florette designs created using Carriage House in Georgian Brick and Sherwood Forest.

Carriage House in Colonial Slate with caps and diamond accents in Georgian Brick and three courses in Sherwood Forest.

## Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

### Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

### CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

### Roofers' Select™ or DiamondDeck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

### WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

### Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.
